

Faith is trusting in what you can't see because of what you can see.

Read: Leviticus 19:18

DAY
1

Seeing Others

Cut a heart out of paper. With the help of an adult cut two holes for your eyes in the heart. Use your heart finders to see others the way God sees them. Look at others and think about what God loves about them.

ASK God to help you see others with love.

DAY
3

Love Others

Ask a family member to read this week's verse, Leviticus 19:18. Talk about who you can love no matter what. Who can you love just the way they are?

LOOK for people that you can love like God does.

DAY
2

Bring Them In!

Grab a few friends and play Blob Tag. Start with one person being it. Every time someone gets tagged they link arms with "it" and now they are both it. "It" gets bigger and bigger until everyone has been tagged and a "blob" has been created!

KNOW that Jesus always brought others in to His group.

DAY
4

Change The Way

Changing the way you see others may only be possible through Jesus. Talk to God. Ask for help to see others the way God sees them.

~~~~~  
 "Dear God, I know that the only way I can see others the way you see them is with your help. I pray that I can love them, acknowledge them and see them for the way you created them. Lord, I pray that I can see others the way you see them today."  
 ~~~~~

THANK God for loving you no matter what.

God can change the way you see others.
