DAY

Waiting is Wise

Waiting is wise, but it is hard. Praying is a way that you can talk about what you are waiting for with God. You can pray something like this:

~~~~~  
“God, I am really trying to be patient as I wait. I feel like I am waiting forever. Please help me see what I DO have while I wait for what I DON'T have. Help me to have patience while I wait for. . . (finish with something you are waiting for). Amen.”  
~~~~~

THANK God for being someone to talk to when you need patience.

Waiting can make you wise.

**WAITING FOR THIS
